Game Play Rules

- Draft style, depending on the number of players I will be looking for 3-4 people to draft a team.
- If we only have enough players for 3 teams, I will be inviting Home Run Academy to come play as the 4th team.
- Maximum 4 players from any one WSBL team on roster (maybe more depending on total # of players available)
- 5 inning games, double header ie: Week 1: 1v2, 1v2, 3v4, 3v4, Week 2: 1v3, 1v3, 2v4, 2v4, etc.
- Try and limit pitchers to 3 innings/day, depending on number of arms available
- Runner for the catcher
- Try and maintain some resemblance of a lineup but feel free to make changes whenever you want
- Self umpired, either by the catcher or someone behind a screen behind the mound. (Ball off screen counts as a single)

This is meant to be fun and a way to get some extras games in due to the shortened season, come out and enjoy yourself, meet players from other teams that you may have never played with before.
